# 5 Places to Find an Interior Designer Online

by LIZ LYNCH

No matter how many hours you pore over the images on Domaine or how robust your “Design Ideas” Pinterest board is, sometimes you need a little outside help when it comes to decorating your space. Hiring a designer comes with a variety of benefits, from saving you time and stress to finding you special items you never would have discovered on your own. If you’re looking to consult with a professional to begin your decorating journey or just revamp your

existing space, [www.designerpreviews.com](http://www.designerpreviews.com) will help you find a designer or architect.
